Suction Airspray Spray Gun

The Fstart S suction-fed conventional spray gun is the right solution for hard to atomize coatings at an entry level price.

Sames's Fstart S spray guns make it easy and cost-effective to apply water-based or solvent-based coatings.

Conventional sprayers are available to meet the needs of small to large finishing shops. The Fstart S spray guns can be used by both beginners and experienced professionals giving a desired high quality finish.

The Fstart spray guns are the result of 95 years of experience in Airspray technology. In addition to being an economical solution, this new Airspray gun has a comfortable and ergonomic design and is one of the lightest guns in its class.
