Azur[™] airless pump

www.sames-kremlin.com

Azur[™] range of pumps is the ultimate answer to people addicted to work, a reliable solution without compromising their painters efficiency.

STORAGE COMPARTMENT

Built in the indestructible HDPE cover
 Store your parts and tips

PROVEN AIR MOTOR DESIGN FROM REXSON

Pulsation free for stable fluid delivery
 Powerful suction capability
 Maintenance free

SELF ADJUSTING V PACKING

No manual throat packing adjustment
Increased sealing and piston life time

STAINLESS STEEL HYDRAULIC SECTION AS STANDARD

 Easy to maintain with quick disassembly
 Large packing choice
 Minimal dead zone, no spring in contact with material & optimized for reduced waste

FOOT VALVE "ON-SITE" DESIGN Easy to access

Reduced downtime

OPERATION IN HARSH AND INTENSIVE CONDITION

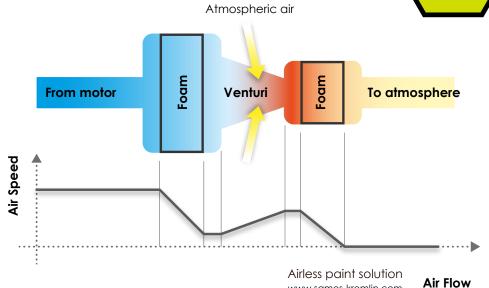

NO FREEZING

Venturi Dual stage Exhaust

S CARRENI

Heating exhaust air by the Venturi introducing ambient air

Azur[™] pump range ensures constant application performance in any conditions.

NO STALLING

Remote external switch:

Never in contact with moisture. The pump will always operate even if icing occurs.

NO LEAKAGE

Choice of different packing compatible whatever material chemistry used.

SIMPLE MAINTENANCE

3)

I

SAMES (SKREMLIN

ADD MI

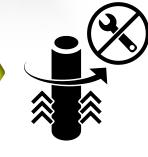

1

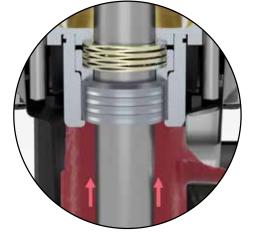

NO MANUAL THROAT PACKING ADJUSTMENT

Time savings

NEW DESIGN ADAPT TO MALLET DISMANTLING

No tools required

Azur[™] airless paint sprayer benefits:

- simple maintenance
- less components
- minimized operations to be carried out for daily use & maintenance

3

5

INDEPENDENT FILTRATION SYSTEM

Easy to flush - no dead zone & reversible design

EASY ACCESS TO FOOT VALVE DISASSEMBLY

COMFORT OF USE

THE MOST SILENT AIR MOTOR OF THE MARKET*

Minimum 22% less noise than competition

Noise comparaison		B		
Model	Azur™ 52C225	Azur™72C160	Competitor 1 70-180	Competitor 2 60-240
Sound level (dbA)	77.5	72.5	92	83

LARGE EMBEDDED FILTRATION Filtering from inside to outside for easy extraction

FATIGUE LESS TRIGGER Minimum 35% less effort than competition

> • Fatigue free operation Possibility for direct connection

SUPERIOR ATOMIZATION

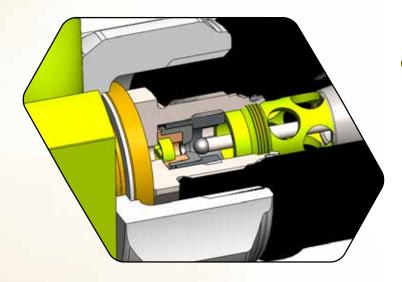

Stable fluid supply gives better spray finisih

In addition, our **SFlow**[™] spray gun is embedded with a **dual diffuser technology** to perform the highest paint **finishing quality** (less re-work/re paint).

Our **air motor** is pulsation free, ensuring **stable fluid** delivery & **constant film** build.

UNIQUE DUAL DIFFUSER TECH

Internal diffuser & deflector pre atomizes the material before the spray tip, allowing lower atomization pressure & reducing overspray.

66 The SFlow[™] Airless[®] spray gun is the perfect choice for us

$\mathsf{AZUR}^{\mathsf{m}}$ seal packs

Sealing can be critical on site. In order to fit to each application, we offer 3 different sealing packages.

S	eal Package Choice	Selection Vriterias					
#	Seal kit	Chemical resistance	Mechanical resistance (abrasivity)		resistance Up to 60°C Commen		Comment
3	UHMWPE + PTFE	**	**	***	Good chemical compatibility. Ideal for premixed 2K material. Not ideal for abrasive material		
4	UHMWPE + Leather	**	****	**	Entry offer for abrasive Solvent Based material(2)		
5	UHMWPE + PTFE G	***	**	****	Solvent Based material. Lower the coefficient of friction and has excellent self lubricating properties. Good resistance to high temperature (up to 60°C)		

(2) Please refer to chemical compatibility table

ACCESSORIES

Come and discover our range of accessories that will compliment your **Azur**[™] pump.

We manufacture tungsten carbide airless tips to ensure repeatability of your applications in terms of flowrate and fan width AND to minimize your waste.

Easy to plug – 2nd gun kit

Extension range for easier remote work

Gravity hopper to increase

suction capacity

Large hose selection with various pressure rate and material

Premium reversible tip range called TIP TOP

Magma heater range to empower your application

Exhaust option with easy to prime kit

OTHER HEAVY **AIRLESS® PUMP** AMONG MANY OTHERS

The most powerful pump

AUTOMATIC RANGE

ASC

Compact by birth, Perform by choice

AIRLESS® For heavy material

AIRLESS®

Electronic dosing & mixing equipment

Plug & Spray solution pumping AND mixing 2 components material with adjustable ratio:

- Easy to use
- Always fresh material on demand
- Security of application

Bond | **Protect** | **Beautify**

With our manual guns, automatic and robotic applicators, supplied by our wide range of pumps & machines for fluid handling, dosing, mixing & dispensing.

SAMES KREMLIN provides industrial solutions for production increase, quality improvement, material & cost savings.

We are designers and manufacturers of process equipment that is divided into 6 ranges:

Airspray: Since1925, we have been an airspray manufacturer bringing you the very best in finishing.

Airmix[®]: Creator of Airmix[®] Technology since 1975, we provide the perfect mix between quality and productivity.

Airless[®]: We provide premium Airless products for finishers with demanding applications.

High Viscosity: Pumping beyond possible, dispensing precisely.

Electrostatic: Expertise for high finishing quality & efficiency.

Powder: Powder coating solutions for the highest productivity since 1960.
